## **GENESIS ENERGY, L.P UNITHOLDERS APPROVE PARTNERSHIP PROPOSALS**

Houston - December 18, 2007 - Genesis Energy, L.P., (AMEX:GEL), announced that the unitholders have approved all of the proposals presented by the board of directors of Genesis Energy, Inc. ("Genesis"), the general partner of Genesis Energy, L.P. ("GEL"). These proposals are outlined in detail in a proxy statement dated November 7, 2007. Among the items unitholders were asked to consider was a proposal to allow any affiliated persons or group who hold more than 20 percent of our outstanding voting units to vote on all matters on which holders of our voting units have a right to vote, other than matters relating to the succession, election, removal, withdrawal, replacement or substitution of our general partner. Unitholders also approved the terms of a long-term incentive plan.

Genesis Energy, L.P. is a diversified midstream energy master limited partnership headquartered in Houston, Texas. Genesis engages in four business segments. The Pipeline Transportation Division is engaged in the pipeline transportation of crude oil and, to a lesser extent, natural gas and carbon dioxide. The Refinery Services Division primarily processes sour gas streams to remove sulfur at refining operations, principally located in Texas, Louisiana and Arkansas. The Supply and Logistics Division is engaged in the transportation, storage and supply of energy products, including crude oil and refined products. The Industrial Gases Division produces and supplies industrial gases such as carbon dioxide and syngas. Genesis' operations are primarily located in Texas, Louisiana, Arkansas, Mississippi, Alabama and Florida.

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Although we believe that our expectations are based upon reasonable assumptions, we can give no assurance that our goals will be achieved. Important factors that could cause actual results to differ materially from those in the forward looking statements herein include the timing and extent of changes in commodity prices for oil, ability to obtain adequate credit facilities, managing operating costs, completion of capital projects on schedule and within budget, consummation of accretive acquisitions, capital spending, environmental risks, government regulation, our ability to meet our stated business goals and other risks noted from time to time in our Securities and Exchange Commission filings. Actual results may vary materially. We undertake no obligation to publicly update or revise any forward-looking statement.
